About me

Hard-working and passionate job seeker with strong organizational skills eager to secure entry-level position in the Tech industry. Ready to be part of a team and achieve company goals.

University graduate in “Cyber Security and Computer Forensics”. A fast learner constantly learning new skills and concepts and a self-starter who can readily assume responsibility. Knowledgeable about Information Security Principles with a true passion and interest in the cyber field, currently training in a home-lab environment and planning to get OSCP and CCNP certifications.

Very curious by nature, highly analytical and always learning. Creative type, likes to think outside the box, seeking opportunities and taking a solutions-oriented approach.

Italian citizen, fluent in English and French. Right to work in the EU and eligible to work in the UK.
